You can enjoy 20% discount on using our facilities and services:

- UV-YAG Laser Drilling
- Excimer Laser Micromachining
- Thermal Shock and Cycling Reliability Test
- Laser Beam Analyzer
- Thermomechanical Analysis (TMA)
- Highly Accelerated Stress Test (HAST) / Pressure Cook Test (PCT)
- Ion Migration Evaluation
- LCR Measurement Test Service
- Thermal Conductivity Analyzer
- Infrared Thermo Tracer
- Peel Strength Tester

Session 1: Personal Information

Company Name: _________________________________________________________________
Member Name: *(Prof./Dr./Ms./Mr./Mrs.)_____________________ Title: _________________
Dept./Division: __________________________________________________________________
Phone: _______________________________ Fax: _____________________________________
E-mail Address: _________________________________________________________________
Address: _______________________________________________________________________

Session 2: Login & Password

Preferred Login ___________________________ (4-20 alphanumeric characters)
Password ____________________________ (4-20 alphanumeric characters)

Session 3: Business Information

Company Products / Services
- Manufacturer of PCB
- Service Provider to PCB Industry
- Others, please specify __________________________

Number of Employees
- Less than 20
- 20-200
- More than 200

Types of Board Involved
- BGA
- Single sided/double sided
- Rigid multilayer
- Flexible / hybrid
- Others, please specify ______________

What is your primary job function? (“\" one only)
- Corporate Management
- Research & Development
- Purchasing/Procurement
- Circuit Design, Circuit System Packaging Design, Other Design
- Consulting
- University Professors/Instructors
- Production, Manufacturing, Process Engineering
- Engineering & Support
- Environmental Engineering
- Quality Control/Quality Assurance, Production Testing
- Sales & Marketing
- Others, please specify ______________

*Please delete whichever is inappropriate.

Official Use Only

Membership Number: ___________________________ Date of Application: ____________________
Handled by: ___________________________ Date: __________________________
Monday ~ Friday: 9:00am ~12:30pm
2:00pm ~ 5:00pm
Saturday, Sunday & Public Holidays: Closed

General Regulations

1. Membership can be transferable within each company with formal notification.
2. Members should follow the Library Regulations when using PCB Library.
3. Membership will automatically expire when members have left their companies.
4. Grant of membership remains the sole discretion of The PCB Technology Centre.

PCB Library Regulations

User club members are expected to observe the following regulations when using the Club.

1. **Identification**: Membership card and company ID card (if any) must be produced when borrowing books/videos. Member cards are not transferable (Though membership is transferable).

2. **Loans quotas**: Without the permission of the PCB Technology Centre, the maximum number of literature / videos / slide set that a borrower may have on loan to him/her at one time is 3, 2 and 1 respectively.

3. **Borrowing procedure**: No library materials shall be taken away from the Library unless their issue has been properly recorded by staff of PCB Technology Centre.

4. **Loan periods**: Normal Loan Periods is 2 weeks. All items loaned from the PCB Library can be renewed once on condition that there are no other members requesting for the same item.

5. **Fines**: Borrowers are responsible for returning their loans on or before the due date. An overdue fine calculable immediately from the day following the date due will be charged at the following rates:

   - Loans: $10.00 per item per calendar day.
   - The maximum overdue fine chargeable is $200.00 per literature and $500.00 per video / slide set.
   - Thereafter if an item is still not returned, an additional fine equivalent to the estimated cost of replacement of the item plus processing costs will be claimed.

6. **Loss and damage of library materials**: Borrowers shall be held responsible for any loss, damage or disfigurement by writing and shall be required to pay the full cost of replacing such materials. These cases must be reported to the PCB Technology Centre immediately without delay. The cost of replacement will be the estimated price of the material plus a service charge per item as determined by the Centre. Any loss of cards or changes of address must be informed to the PCB Technology Centre as soon as possible.

7. **Book/video reservations**: No charge is levied for reserving a Library item that is on loans.

8. **Special restrictions**: The PCB Technology Centre may restrict or preclude the loan or use of any books/magazine/video.

*Where not explicitly stated, library items refer to literature, books, magazine, periodicals, video and slide set.*
